EDUCATION

B.Tech in Computer Science & Engineering (AIML) 2023 – 2027
ABES Engineering College, Ghaziabad | CGPA: 7.74

Class 12th, CBSE 2022
Kendriya Vidyalaya Danapur cantt, Patna | 82.00%

Class 10th, CBSE 2020
Kendriya Vidyalaya Danapur cantt, Patna | 85.00%

TECHNICAL SKILLS

Languages: C++, C, JavaScript
Front-End: React.js , HTML5, CSS3, Tailwind CSS
Back-End: Node.js, Express.js
Database: MongoDB, SQL
Tools: Git, GitHub, VS Code, Vercel, Postman , Canva

PROJECTS

HandCraft Marketplace April 2026 – July 2026
React.js · Node.js · Express.js · REST API · MongoDB · JWT

- Developed a specialized full-stack e-commerce platform empowering local artisans and home based businesses to seamlessly onboard, manage inventory, and sell handmade goods directly to buyers.
- Engineered 15+ REST API endpoints for authentication, product management, and order processing, achieving a highly optimized 32 ms median response time during local benchmarking.
- Implemented JWT authentication, bcrypt password hashing, and role-based authorization middleware for protected buyer and seller routes.
- Designed optimized MongoDB schemas for users, products, carts, and wishlists, ensuring efficient data retrieval and clean relational mapping.
- Used GitHub for version control and deployed the frontend on Vercel with the backend connected to MongoDB.

Scanly - Portable Health Records System April 2026
React.js · Node.js · Express.js · JWT · bcrypt · QR Code

- Developed the backend for a QR-based portable digital health records system supporting Patient, Doctor, and Admin workflows.
- Built REST API routes and middleware for authentication, role-based access, health-record operations, and file handling using Node.js and Express.js.
- Implemented JWT authentication and bcrypt password hashing, with role-based access control for protected endpoints.
- Implemented QR-code generation and medical file-upload functionality for record sharing and retrieval.
- Configured a local JSON-based file system for rapid prototyping of data storage and medical file handling during the initial development phase.
- Contributed to UI/UX design and frontend-backend integration for the application workflows.

ACHIEVEMENTS

LeetCode — 250+ Problems Solved

- Solved 250+ data structures and algorithm problems on LeetCode, strengthening problem-solving skills across arrays, trees, graphs, and dynamic programming.

CERTIFICATIONS

- AWS Academy Graduate – Cloud Architecting — AWS Academy
- Responsive Web Design — FreeCodeCamp

EXTRACURRICULAR

Event & Decor Head — Creative U and Tourism Club Aug 2025 – Aug 2026

- Led the planning and execution of 3 campus-wide creative events, coordinating 20 members across content writing, logistics, and promotion, attracting 300+ attendees.

Volunteer — Minerva Club, Literary Society Aug 2024 – Aug 2025

- Contributed to content writing and debating activities, supporting literary initiatives and strengthening communication and critical-thinking skills.
